

MP3s are superficial. CDs are a chore. Stop compromising.

FALL IN LOVE WITH YOUR MUSIC AGAIN.

Enjoy the benefits of digital music without compromising sound quality. At a price that makes sense.

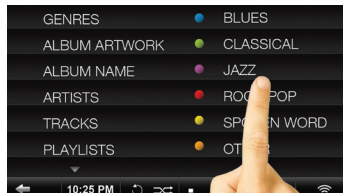

OPUS 4: THE ULTIMATE HI-FI DIGITAL STEREO

“Olive is a lossless leader in digital audio. Listening through a high-end system, the improvement between an iTunes download and a lossless CD conversion was dramatic.”
Financial Times, July 2009

Store all of your CDs in hi-fi digital.

Store your music, up to 6,000 CDs, on an Opus 4 to enjoy the vivid sound clarity of CDs and convenience of digital access. Pop in a CD and with one touch your music is imported in lossless digital quality and automatically categorized. Or, better yet, send us your CDs and we'll send you back an Opus preloaded with your music.

Find the song you want. Easily.

Your complete music collection will be effortlessly accessible through the built-in touchscreen. You can easily select by genre, artist or album, flip through album covers or tap a few letters and search by name. Or, create playlists with your favorite songs and set the mood for any occasion.

Enjoy exceptional sound quality.

With the Opus 4, you won't compromise sound quality for digital convenience. Unlike MP3 music players, the Opus uses a high resolution DAC, optimized circuit design and lossless digital quality to deliver a high-end audio experience. Hear the difference with our 30-day money back guarantee.

Get substance with plenty of style.

The exterior of the Opus 4 is crafted from heavy gauge aluminum and etched with distinctive graphics, making it one of the most elegant stereo components you'll ever see. Engineered to keep cool without a noisy fan, the Opus exemplifies beauty that's more than skin deep.

Experience ultimate music access.

Enjoy genre-specific music information, import music from a computer or listen to your favorite Internet radio stations. The Opus 4 was designed to integrate seamlessly with your stereo system and give you all these features at no additional cost.

Play your music in every room.

The Olive solution lets you play your music throughout your home. The Opus 4 connects with Melody 2 multi-room music players through either a wired or wireless network so all of your rooms can share the same music library. Take advantage of bundled pricing for the best value.

Starting at \$1,499, there's a lot to like about the Opus 4. For more information or to order, visit our website or call us toll-free. We'd love to tell you all about it.
